- Share the Vision with colleagues and invite their organisations to add their logos to it – **all**
- Ask the Combined Authority to endorse it and to host a Green Summit – **Bridget Smith**
- Work with his group to draft a delivery framework – **Roger Mitchell**
- Identify the contribution of each organisation to this and what is its present status – **all**
- Estimate its cost (from both existing and new funding)
- Identify how the work will fit in with that of the planning and transport authorities, and of the water companies – **Clare Bond, Martin Bowes, Adrian Cannard, Richard Kay, Stephen Kelly, Stuart Morris** – and coordinate recommendations from them about how we might translate the vision document into planning policy – **Richard Kay**
- Suggest businesses to be invited to give advice on natural capital investment – **all**
- Engage further with work on the Cambridge City and South Cambs joint local plan and the CamOx arc, particularly in the provision of evidence
- Work with the NFU to involve farmers – **Rob Wise**
- Recruit further representatives from the north of the county and have conversations eastwards, as well as considering other corridors such as to Stansted and Norwich

– **Richard Astle, Peter Landshoff**

- Draft a proposal on trees research to submit to Maria Southgate of DeFRA – **Peter Landshoff, Bridget Smith**
- Continue to encourage the water companies to promote biodiversity gain and water recycling, so as to ensure continued water supply.
