We are looking forward to our AGM and hope it will work as well on Zoom. Some key points to make sure things run smoothly:

- Please check early so the meeting can start on time with all participants present.
- You can switch between speaker view/gallery by using the icons in the top right-hand corner of the screen
- Everyone needs to be on mute when they are not speaking to avoid background noise.
- If you want to speak please signal to the Chair (Jean Glasberg) by either raising your hand or using the icon at the bottom of the screen.
- If the Chair calls on you to speak, you will then need to unmute.

FeCRA has taken an active part in many issues across the city over the past year, and put forward points which have been raised with us by residents.

Important concerns, which are related, have been about the exponential growth which has already been approved and the future projections, and the impact of this in terms of our green spaces and water. These are the key issues we have asked our speakers to focus on, and we welcome any questions you may have on them.

Please send questions to us in advance to secretary@fecra.org.uk and we will try to ensure they are discussed. If not, we will follow up.
