

Creating the highest quality of life by putting nature at the heart of Cambridgeshire's agenda

What we are

- The Local Nature Partnership for Cambridgeshire and Peterborough
- Committed to championing sustainable development to achieve the highest quality of environmental outcomes to benefit people, nature and the land

Our Vision

A Cambridgeshire, that has the highest quality of life, because we place nature at the heart of our agenda.

A Cambridgeshire which appreciates that to prosper people need a high quality environment in which nature thrives alongside jobs and housing.

Our Mission

By doubling the area of rich wildlife habitats and natural green-space, Cambridgeshire and Peterborough will become a world-class environment where nature and people thrive, and businesses prosper.

Delivery Framework

By doubling the area of rich wildlife habitats and natural green-space, Cambridgeshire and Peterborough will become a world-class environment where nature and people thrive, and businesses prosper.

Policy

Nature reserves -
habitat
creation

Developing
with Nature

Farming
and wildlife

Naturally
healthy -
access to
nature

Valuing
nature

Doubling Nature Investment Fund

Delivery Framework

By doubling the area of rich wildlife habitats and natural green-space, Cambridgeshire and Peterborough will become a world-class environment where nature and people thrive, and businesses prosper.

Policy

Delivery Framework

By doubling the area of rich wildlife habitats and natural green-space, Cambridgeshire and Peterborough will become a world-class environment where nature and people thrive, and businesses prosper.

Farming
and wildlife

- Engage landowners and tenants with Doubling Nature ambition
- to increase significantly the take up of new agri-environmental schemes, including habitat creation **and** wildlife corridors
 - To promote best practice - Farming with Nature Awards?

Doubling Nature Investment Fund

Delivery Framework

By doubling the area of rich wildlife habitats and natural green-space, Cambridgeshire and Peterborough will become a world-class environment where nature and people thrive, and businesses prosper.

Naturally
Healthy –
Access to
Nature

Create and co-ordinate the delivery of a new framework for promoting healthy lifestyles through increased access to nature

Ensure existing parks and green open spaces support doubling nature ambition and increase people's opportunities to access, enjoy and benefit from nature. (Future Parks Accelerator)

Delivery Framework

By doubling the area of rich wildlife habitats and natural green-space, Cambridgeshire and Peterborough will become a world-class environment where nature and people thrive, and businesses prosper.

Valuing
nature

Apply a landscape scale, spatial approach to identify natural capital investment opportunities across Cambridgeshire

Doubling Nature Investment Fund

Natural Cambridgeshire's

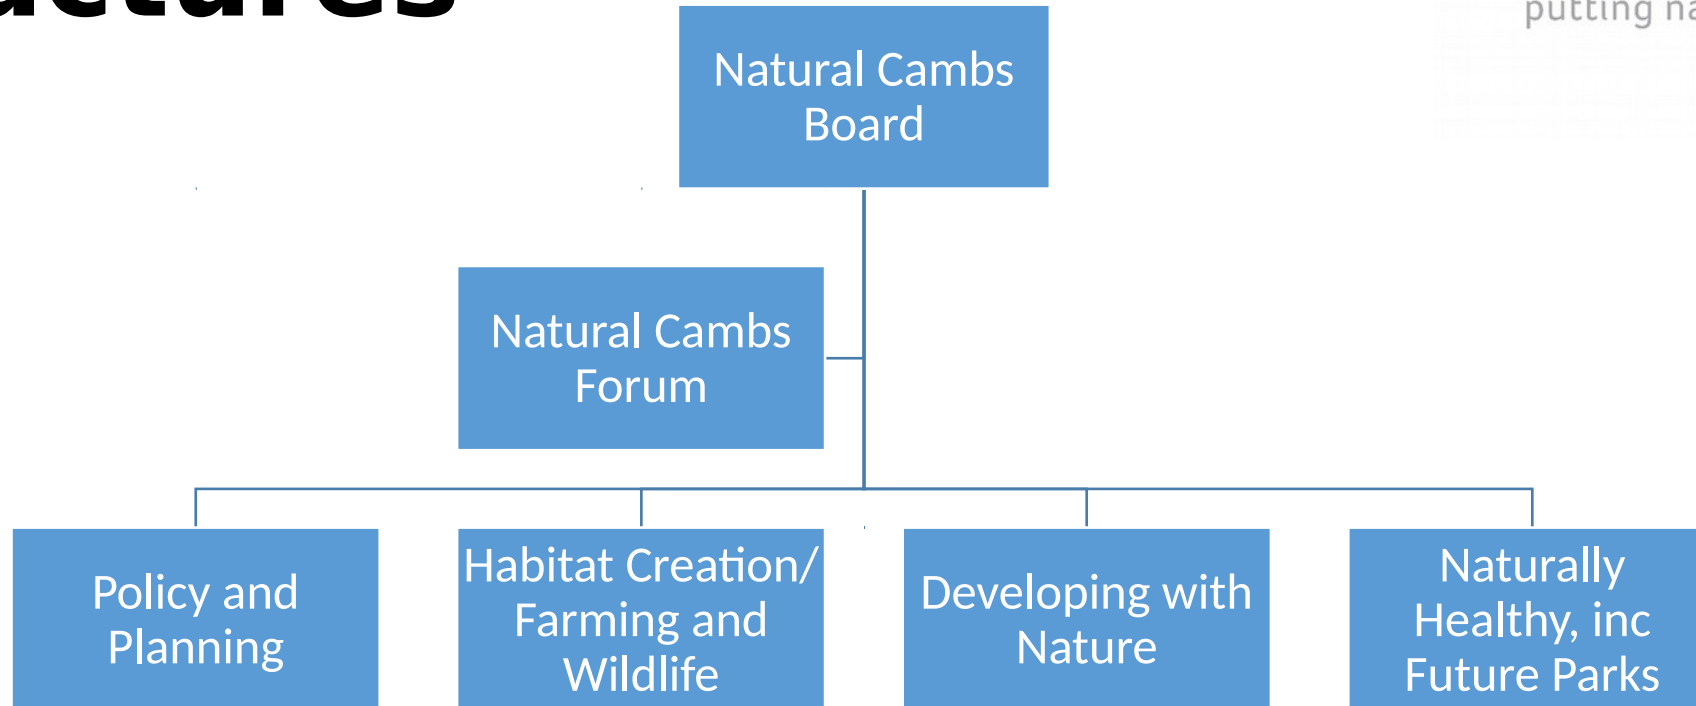

- To **lead and champion** the Doubling Nature ambition and to co-ordinate the delivery plan and monitor its progress.
- Acting as a **single point of contact with key policy makers** in Cambridgeshire and Peterborough and (with other LNPs) across the Arc on issues connected with green infrastructure and natural capital
- **Providing advice on integrating nature at an early stage** in general policy development (such as local plans) or strategic development projects or public health programmes
- Engaging with landowners, farmers and commercial developers to help design and support **schemes and policies** that put nature at the heart of economic activity

Natural Cambridgeshire's

- Using the **land assets of our partners** and (where appropriate) working with our wider **public membership** to support public policy initiatives
- Using our land assets to help improve quality of life and **provide leisure and educational opportunities**
- Delivering **opportunities** for business and investors to value and **invest in nature**
- Directly supporting the **economic growth** of the area through job creation in the agricultural, rural development, energy, leisure and tourism sectors.
